Activity 01 Checklist - Use AI to Clean Data and Extract Insights

Name / Group: _____ Date: _____

Tick each item before submission:

[ ] Observation uses visible values and correct units

[ ] Interpretation is labelled as interpretation, not fact

[ ] Source, timeframe and sample size are visible

[ ] Action is proportionate to the evidence

[ ] Editable PPTX opens without repair

[ ] Synthetic data is not presented as real operational evidence.

[ ] AI tools, prompts, sources and material human changes are recorded.

[ ] CSV, XLSX and PPTX files open correctly and retain editability.

Debrief standard: The final insight clearly separates what the data shows, what it may mean, why it matters and what should happen next.
