Activity 06 Checklist - Create a Hierarchy Infographic with Microsoft 365 Copilot

Name / Group: _____ Date: _____

Tick each item before submission:

[ ] Both hierarchy directions use the same approved brief and source scope

[ ] Goal, outcome, measure, owner and review logic are visible

[ ] Every claim matches the source pack

[ ] Critical evidence is editable in the final PowerPoint

[ ] Prompts, human changes, reviewer and owner are recorded

[ ] Synthetic data is not presented as real operational evidence.

[ ] AI tools, prompts, sources and material human changes are recorded.

[ ] CSV, XLSX and PPTX files open correctly and retain editability.

Debrief standard: The final slide records the prompt, sources and human changes; all claims are verified and the decision evidence remains editable.
